JAYSEE PUT ON FULL WAR SCHEDULE

Army Calls Russell Back To Air Corps With Major Rank

Called back to his commission of major in the U.S. Army, Engineering Instructor H. O. Russell is today inspecting major aircraft plants in the East enroute to Washington, D.C., where he is to report for duty in air force research division.

Major Russell was the head of the college engineering and mechanics department, coordinator of defense courses and the Civilian Pilot Training program, and adviser to the sophomore class.

NEW DUTIES

New duties of the engineering instructor will probably be in experimental, testing, inspecting, and inventive work in the air force division of materials.

Major Russell entered the last World War as a cadet aviator. He was honorably discharged a captain in 1920. Since then he has held a reserve commission of major. He entered jaysee in 1924.

Sidelining his college physics instructing, Major Russell has invented several aerial gun sights which are being used today in American planes.

TAKING OVER CLASSES

Instructors taking over Major Russell's college classes include Norman Hicks, physics classes; C. E. Line, pilot training; and H. A. Moomaw and C. R. Nisewanger general engineering duties.

Commerce Classes Plan Assembly

Representatives from four Southern California defense industries are scheduled to speak before an open meeting of the Associated Students next Wednesday morning in a program sponsored by the commerce department, Instructor William T. Elliott announced today.

Subject of the assembly will be what war industries and the armed services desire in office workers. Each speaker will discuss the qualifications of employees in the industry which he represents.

Speakers obtained for the lecture include George C. Ford, member of the Vultee personnel department; Capt. Henckle of the army air force; and Roy Ferguson, head of the local federal employment bureau.

War Bulletins

SIBERIA—The Russians announced today that an American bomber which had raided Japan in its first bombing last Saturday had been forced down in south east Siberia and its crew interned.

EASTERN FRONT—Hitler is massing nine-tenths of the German army on the Russian front and has called up 1,900,000 reserves which are being matched by the Red army in preparation for a major German offensive.

DUTCH INDIES—Allied bombers continued to pour bombs on the Jap base at Rabaul in the third raid in four days.

BURMA—Overwhelming 10-to-1 forces of the Jap army continued to push the defenders back on the middle and east flank.

INDIA—Inactivity of the Jap fleet in the Bay of Bengal was giving rise to the belief that the armada has retired to Singapore.

Glenn Appointed Dean Of Men

To Begin Duties Next September

English Instructor T. H. Glenn is preparing today to assume duties as the new jaysee dean of men following his appointment to the position by the board of education action this week.

Director D. K. Hammond is scheduled to take charge of the dean duties until the fall term when Mr. Glenn will assume his new office. The new dean succeeds Calvin C. Flint who is now at the replacement center.

New duties of the English department head will include administering the NYA, arranging the college social calendar, and advising the students executive board.

For the past 16 years Mr. Glenn has headed the campus English department. Before appointment to the jaysee faculty in 1926 Instructor Glenn studied at Wofford college, Columbia, USC, University of California, Oxford, and in France. He was in the marines during the World War.

MEMBERS OF THE WOMEN'S AMBULANCE CORPS practice loading an "air raid" victim on a stretcher and into the station wagon ambulance in a campus drill. The college first aid organization was inducted today into the city civilian defense office program. From left to right the co-ed first-aiders are Frances Smith, Patti Mattison, Betty Jo Froeschle, Claire McMillan, Doris Miller, Helen Butler, and "victim" Mary Ann Andrews. (El Don Photo by Francis Geddes)

Campus Committees Organized To Foster Jaysee Blood Bank

Organization of a jaysee blood donors society to contribute to the Orange County civilian defense blood bank was underway today as Charles Tamarkin, campus coordinator of the plan, prepared to appoint special committees to register potential collegiate donors.

The blood bank was authorized by Civilian defense officials in order that a supply of plasma might be stored and held in readiness in case of an emergency in this area.

It was pointed out that blood donations are one of the most valuable contributions civilians can make to the defense effort, and they can be considered in terms of actual cash as the regular charge for professional donors runs from \$25 to \$50.

Tamarkin indicated that following registration, potential campus donors, will be required to fill out the proper papers, and will then undergo special tests to determine the suitability of their blood types. Consent of parents or guardians is required for minors.

Dr. John J. Montanus, director of the blood bank for this county, will act as unofficial adviser and director of the subordinate organization, the student representative said.

Eleven Draftsmen Sign For Course

Eleven Don draftsmen have applied today for the new Douglas cooperative course and are scheduled to begin their aircraft tooling training as soon as final arrangements can be made for the program.

Students making application for the drafting group include Tom White, Quentin Stokes, Elton Denner, Bud Mahoney, Donald Metz, John Neff, Herb Heinze, Jimmie Farren, Bob Chandler, Joel Hayes, and Welton Pagenkopp.

According to the most recent plans the students will take campus classes in the morning and will then travel to the Long Beach plant where they will be paid a minimum of 60 cents an hour while training for tool engineers.

Moomaw Named On Douglas Staff

Engineering Instructor H. A. Moomaw is today working on the administrative staff of the Douglas aircraft plant as the director of the tooling division pre-training instructional program.

Contributing to the war effort, the faculty member was released on a part-time loan to the Long Beach plant this week by the board of education. He will conduct his morning classes at jaysee and work at Douglas in the afternoons and evenings.

C. R. Nisewanger will have charge of Mr. Moomaw's afternoon drafting classes and W. W. Hoy, local surveyor, is conducting the surveying class.

In his new capacity Instructor Moomaw will train students for actual designing or building of tools used in producing airplanes. This program is to supply a serious lack of sufficiently trained draftsmen of tool designing in defense plants.

Speech Class Moves To College Hall

Moving from their original classrooms in the YMCA, the drama and public speaking classes are today holding classes in college hall and Instructor Ernest Crozier Phillips is using the office formerly used by Calvin C. Flint.

The change in classrooms is being effected to permit the lobby of the YMCA to be used exclusively for the local USO center for service men recreation activities.

Public speaking now meets in C110, and drama classes are held in BN.

Reserve Program Of Army and Navy Will Be Offered

Announcement was made today by Director D. K. Hammond that preparations are being made to put the college on a full war footing by next fall when both the Army and Navy reserve training will be offered on the campus. It is expected that probably the majority of men students in the college will be training for one of the armed forces in the new reserve program beginning in September.

Under the newly appointed faculty advisory committee headed by T. H. Glenn the administration is preparing to arrange its courses to offer the complete list of required subjects for the reserve training. Only actual addition of classes will be in the case of physical education which will be given five days a week.

Revisions and changes in the Naval reserve program were outlined by the Western Division Naval command this week before a Southern California college directors' meeting attended by Mr. Hammond.

Collegians registered in the V-1 program will be eligible to complete two to four years of college work before entering the service as commissioned officers.

Final approval was given the new program by the board of education this week. H. J. Sheffield and Director Hammond are members of the faculty advisory committee.

Psychology Class Conducting Polls

Sixty-two psychology class students are surveying the jaysee today for campus opinions on subjects from stage fright to types of humor in preparation for class reports.

Among the subjects chosen by the class members for surveys are the effects of divorces on children, stereotypes, beliefs and experiences of students with fortune tellers, stage fright, autobiography from the psychological point of view, what people day dream about, hand writing analysis, types of humor, superstitions, why people gossip, and what things students fear most.

All surveys are to be tabulated and a report made upon the results at the end of the semester.

Post To Print Block Article

Word was received today by gym instructor Gerrie Griffith Block and Clarence Block that a feature article submitted recently to the Saturday Evening Post is scheduled for appearance next Wednesday.

Title of the article by the Blocks is "Army Air Corp Training Center at Thunderbird Field." The story is about 3000 words long and is accompanied by colored photographs.

WE DO OUR PART

(An Editorial)

Currently some mis-informed citizens of Santa Ana as well as students on the campus have been airing the opinion that the college is doing nothing in the interest of national defense, that there is a lack of enrollment, and that jaysee had better close up for the duration of the war.

If these belittling individuals think that \$10,000 in war-bonds purchased on the campus is small fry, that more than 300 specialized students being trained in 30 different vital defense classes is insignificant, that the developing of leadership through knowledge for future armed service officers is of small importance in these times, then maybe they have a case.

We don't think they do. Today jaysee is preparing to operate on a full war-time basis, with every move directed toward the fulfillment of the enormous job shouldered by the colleges of the nation. Do these side-line critics realize that the Army and Navy are appealing for more students to complete the engineering and aviation courses offered at jaysee?

So far the campus aviation department has delivered about a hundred well-trained aviators to the nation's Air Force. Already it has trained innumerable airplane mechanics and draftsmen for the factories, and is continuing training at forced rate.

We invite anybody who doesn't think jaysee is doing its part in this war to come and see the numerous phases of victory effort going on daily, and to take a lesson in how to work more and talk less.—B.R.

Gauchos Sponsor Sport Dance Tomorrow

Masonic Temple Is Scene Of Event

Los Gauchos' Eleventh annual Spring Sport dance, main event of the spring semester, will be held tomorrow night at the Masonic temple, beginning at 9 o'clock.

Under the leadership of Gaucho President Bill Gulley, the following committees arranged the affair: Gilbert "Buck" Bradford and Eugene Murphy, punch; Keith Davis and Dick Plavan, advertising; Paul Cleary and Bill Gulley, decorations and tickets. Forrest Menzie will furnish recorded music for the event.

First called El Jaleo, the dance was inaugurated in 1932, when it was held at Huntington Beach. Last year's event was at the Lake-wood country club in Long Beach.

Alpha Gamma Sigma President Appoints Funds Committee

Blanche Patton, Alpha Gamma Sigma president, today appointed a committee which will make plans to earn \$25 for the club. This money, in addition to funds in the club's treasury, will be given by Alpha Gamma Sigma members to the jaysee graduate who rates highest in scholarship and activities. The committee is composed of Frances Smith, Bob Douce and Eugenia Bond.

Work is also progressing on the Alpha Gamma Sigma yearbook, Torchbearer, Miss Patton stated. Besides news of chapters and alumni, the volume will contain letters from several winners of the organization's scholarship award, and minutes of an advisers' meeting last week.

Tattlers Invited To First Blade Meet

Patti Mattison, Tavern Post editor, gave a report on the progress of the Tattler publication at the club's meeting in the jaysee library early this week. She said that the material is now being assembled at the high school print shop.

Adviser T. H. Glenn invited the Tattlers to attend the First Blade conference to be held at Fullerton May 9. Winners of prizes for submitted poems will be announced at the conference and officers for 1942-43 will be elected at that time, Mr. Glenn said.

Tway-Engelman Rites To Take Place Sunday

A formal marriage ceremony will join June Tway, former jaysee student, and Thomas Engelman, '41, former president of the Associated students, Sunday at St. Anne's Catholic church.

Miss Tway was a history major here last semester, and a member of the Sisterhood of Spinsters. Engelman was president of Los Gauchos while in school, and also of the Newman club and Beta Gamma.

Assisting in the ceremony are Misses Betty Mae Engelman and Mary Catherine Friend, '41, who are bridesmaids. Best man is Conrad Hanson, sophomore student, and Lawrence Dresser, '41, is an usher.

PLANNING LAS MENINAS' annual May Morning breakfast, to be held May 1 at Ebell clubhouse, are (front row, left to right) Catherine Cunningham, Betty Jo Froeschle, Hollis Tibbals, Chairman Virginia Huelskamp, Helen Butler, Dorothy Hazelton, Doris Jacobs, Lola Pappas, and President Jean May. In the back row are Alice Winterbourne, Virginia Pollard, Helen Tibbals, Blanche Patton, Martha George, Doris Jesse, Anita Wasson, Jeanne Conliffe, Dorothy Martien, and Patsy Miller. (El Don Photo by Francis Geddes)

Women's Service Clubs Schedule Formal Parties For Early May

With formal parties slated for the evenings of May 1, 8, and 9, campus women's organizations are today making final arrangements for the annual affairs.

Plans for the Piloteer formal dance will be discussed Monday evening when the club alumni and regular members meet at the home of Marieta Brown, 617 East Myrtle.

Mildred Day, Eugenia Bond, Jeanne Turner, and Ada Mae Harbough are on the food committee for the alumni party. Frances Smith is planning card games, and Jeanne Turner is in charge of transportation. Jane Doyle, Isabelle Rellstab, and Dorothy Beardsley are on the invitation committee.

The formal dance is to be held at the local Ebell club, May 8. Pat Sharpley is arranging for recordings.

Las Gitanas have set Friday, May 1, as the date of the service club's formal dance, to be held at the Masonic temple from 8:30 to 12 p.m.

Harriett Sturgeon and Anita Johnson are on the refreshment committee, while Betty Rutledge and Barney Langton have charge of the dance programs. Ruth Howell and Tommie Tomlinson are the decorations committee, and Miss Langton is arranging for recordings.

Natalie Nelson announced this week that the Anaheim Ebell club is to be the setting for the club's formal party Saturday, May 9.

Breaking a precedent, Spinsters are this year having an informal "spree," to be held at Knott's Berry farm and a local theatre May 8.

Whittier Dancers Feature Program

Announced this week by Meninas as one of the main features of a program for the May Morning breakfast is the dance troupe from Whittier college.

Tickets for the event are now being sold by most members of the women's service club.

Spanish Club President Arranging For Movies

Spanish club president Lucille Hernandez revealed today that she is making arrangements with a local Spanish theater manager for a specially selected screen program for Spanish club members.

Date for the showing, to take place within the next two weeks, will be announced later, Miss Hernandez stated.

Reith Announced As YW Dinner Speaker

Mothers of YWCA members will be honored guests at a dinner Wednesday, May 6, at La Hacienda, according to an announcement made today by Gwen Bozarth, general chairman of arrangements. New officers will be installed at the dinner.

Committee chairmen working with Miss Bozarth are Anne Glidden, publicity, and Betty Catland, placecards.

Speaking at the dinner will be Mrs. Marian B. Reith, national student secretary of the Asilomar region of the YWCA. Mrs. Reith will also speak at the cabinet meeting of the local group, Wednesday afternoon in the Women's lounge.

Members of the outgoing cabinet who will attend the meeting are Gwen Bozarth, president; Betty Catland, vice-president; Lucille Crawford, devotions chairman, and Ruth Compton, secretary-treasurer. The new cabinet consists of Mildred Day, president; Anne Glidden, vice-president; Lucille Hernandez, secretary-treasurer; and Kathleen Alford, librarian.

Alan Hadell recently joined the Navy.

Bob Holmes, star center of the college football team of '39, was commissioned a flying officer in the Navy last week.

Wes Peterkin of the college football squad joined the Navy and is waiting his call.

Student Club Visits UCLA Wednesday

Attending a Founder's Day dinner for all Southern California chapters of Alpha Mu Gamma, members of the local Zeta chapter will be the guests of the UCLA organization Wednesday.

Initiation rites will be performed by the Santa Ana group in conjunction with the Nu chapter of UCLA. Members from Santa Ana to be initiated are French students Alice Winterbourne and Jack Forcey.

An illustrated lecture on Virgil will be given after dinner by Miss Josephine L. Indovina, instructor of Italian at Los Angeles City college.

Members from Santa Ana who will attend the affair with the initiates are Dorothy Barnes, Dolores Luna, Anne Ulseth, President Monte Griffith, David Keirse, Bill Leinberger, and Adviser Lella Watson.

PERSONALS

Welton Pagenkopp will soon enter the Douglas Aircraft company at Long Beach. He probably will go into the tool-designing department.

Freshman Milt Smith is suffering from a broken ankle, the result of an accident that occurred in the YMCA gym.

Dick Kessler, former Don, is now piloting planes from California to Kansas city for the Taylor Aircraft corporation.

Bill Cook loses another footballer when big Ted Craig is called into the Army air force. Craig, who will be trained at the Santa Ana air force replacement center, is awaiting call now.

Elbert Stewart, '37, who is now stationed at March field, visited junior college this week. He is a graduate of the University of California at Berkeley.

German Club Plans Beach Party May 13

A pot-luck dinner was given at the home of Ralph Tippin for members of the German club early this week. Dinner conversation was conducted in the foreign language and afterwards German games and songs furnished the entertainment for the members.

John Droege, German club president, announced at the dinner that the club's final meeting for the semester would feature an afternoon beach party at his home at Corona del Mar.

BOOKS for Every Occasion

STOP THAT MAN! Taken during the Don-Los Angeles baseball game, this shot shows Joel Hayes, center, and Jack Klein, right, hustling to beat a Cub runner to first base. Klein fielded the ball and made the putout unassisted.

Wardmen Tangle With Owls Tuesday On Ontario Oval

Weather permitting, Coach John Ward's trackmen will travel to Ontario Tuesday afternoon for a dual meet with Bert Heiser's Chaffey Panthers. Postponed once before by late spring rains, the oval tilt will begin at 4:30.

Strong in the middle distances, the hurdles and field events, the Dons are expected to add the hide of the Chaffey Panther to their list of Eastern conference victims.

VAULTING DUEL

Kenny Beck and Field Berry should not find much trouble in cutting the tape ahead of Panthers Verne Berryman, Julie Vasquez, and Howard Harvey in the 440 and 880.

An interesting duel should develop between Beck and Benny Eichorn in the pole vault, although here again Beck should do better than the Chaffey star.

HURDLE FAVORITE

Paul Cleary, who has thrown the javelin around 180 feet, should top the best throws of Ontario's Don Norton. Jack Porter will probably cop the hurdles in easy form.

Chaffey distance men don't appear strong enough to outclass Al Salmon, Art Mendoza or Ernie Collier, speedy Don leather lungers.

WEIGHT TROUBLE

Weak in the sprints and weights, the Dons may find trouble in the form of Chaffey's shot-putter Lawrence Trindl and dash man Bob Ritter.

Ralph Gish Plays At Annual Ojai Net Tourney

Lone Don tennis player participating in the 47th annual Ojai net tournament is Ralph Gish, one of the outstanding members of last year's conference championship team.

Lack of equipment and players caused jaysee coaches to drop organized tennis from this spring's sport program, but Gish was willing to enter the net round-robin in the singles matches. Final matches are to be played tomorrow.

POINT-BLANK

By GUS LUZANIA

GRAPEVINE NOTES. News from USC has it that ex-Don Bill Noble has caused general havoc for the regulars in recent spring football practice. Noble only played five minutes last season but Bovard field fence-quarterbacks say that he has improved greatly and is very hard to move out on defense. Coach Jeff Cravath also has Bob Schildmeyer, another member of last year's Don squad, roving as an end on his regular forward wall.

PRESS AGENT. Dean-elect John H. McCoy unofficial press and publicity agent for the Cincinnati Reds, writes from Columbus, Ohio, that although the Redlegs lost on opening day, they managed to score two runs which he claims is pretty good this early in the season. The Reds number one fan declares that his annual lecture delivered to 22 reporters on the "State of the Reds" was one of the best yet, and according to percentages should convert 9 more to the Cincinnati cause. Red martyr McCoy further adds that the Yanks won't even come close to his team in the World Series.

NAME PROSPECT. If there is anything in a name then Joe DiMaggio of the Los Angeles City college nine has a great future ahead of him. Strange to say, DiMaggio, like his famous namesake, patrols the center garden for the Cubs.

PUBLICITY DRUMS. USC is now booming Cliff Bourland as the 440 king since his defeat of California's Grover Klemmer and Trojan Hubie Kerns in the sensational time of 47.3s. In a pair of relay laps, he was timed unofficially in 45.8s, low flying for the 440. He is expected to break the existing world record of 46.4s. held by Ben Eastman and Klemmer.

Koralmen Tangle With Owls Today In Conference Tussle

Racketeer Club Organized

The organization of a jaysee co-educational badminton club under the direction of Miss Zena Leck, women's physical education instructor, was begun on the campus it was learned today.

Members of the club will meet every Tuesday afternoon at the YMCA gymnasium, declared Robert Yensen, chairman of the group. He stated that the club will form a badminton "ladder" in order to arrange the players on the basis of their playing ability.

Yensen advanced the possibility that games with other jaysee badminton clubs may be arranged as soon as the shuttlecock sport is well underway here.

Ten Don Athletes Now In Service

John Cleary, member of last fall's football squad, has enlisted in the air force and expects to enter the cadet center on Newport boulevard Wednesday.

Cleary is the tenth Don gridster to enlist in Uncle Sam's armed forces since the attack on Pearl Harbor.

The U.S. Navy has taken "Whitey" Rogge, Ed Olson, Alan Hadell, and recently Wes Peterkin. Ev Winkler and Barney Robinson are in the army while the air force attracted the interest of Ted Craig and Don Hamaker. The tenth ex-Don is Harold Richards, Royal Canadian Air Force.

Klein Is Selected To Take Mound

Attempting to annex their second league win of the season, Coach Joe Koral's baseball charges cross bats with the cellar-dwelling Citrus Owls tomorrow afternoon at 3 on Clayton field. Ace hurler Jack Klein is expected to take the mound for the locals.

Heavy favorites to retain the circuit pennant won last year, the Dons are expected to clip the Owls with little exertion. In their two conference starts the Azusa horsehiders were clubbed 20-4 by Fullerton and 10-3 by San Bernardino. The ruffled Owl has so far proven to be but a doormat for its conference foes.

MARGUCCI WITHDRAWS

On the other hand Santa Ana has, among its various victories a 9-0 slaughter of Riverside and a 6-4 decision over the powerful Los Angeles Cubs, popular choice to nab the Metropolitan conference baseball pennant.

The Koralmen, however, have been hit hard by injuries and withdrawals and suffered a further loss this week when Joe Margucci dropped college in favor of full time employment. Jack Kaiser is expected to take Margucci's place.

PROBABLE LINEUP

Lineup for tomorrow's tilt will probably be Ross Barnes, catcher; Joel Hayes, first base; Bruce Gelker, second base; Kaiser, third base; Pete Klein, shortstop; Jim Paul, left field; Nick Roussos, center field; Ralph Barnes, right field; and Klein, pitcher.

U.S. May Take Leaf From British And Allow Football Next Fall

Even though track and baseball are the main attraction at this time of the year, many sport fans have already begun to think about this fall's coming grid campaigns.

Probably the main thought occupying the minds of Don followers is whether the army will rigidly enforce its 5000 crowd ruling and call off some of the scheduled contests.

CONTINUE GAMES

The athletic department has already stated that they are ready to continue football in the same manner as in other years, but will halt the grid sport under military orders.

The answer to this problem may be found in what England did regarding her sport program soon after the start of hostilities. Immediately after the declaration of war, British sporting crowds were reduced much in the same manner as they are now restricted on the coast.

SPORTS THREATENED

The island sports were definitely threatened, but the public demanded recreation and so the government decided to let contests continue regardless of the threat of bombing. Even during the terrible raids of 1940 sports persisted. It was not uncommon for both spectators and players alike to seek shelter together when the raid started and then return to finish the contest after the all-clear signal was given. There will even be some games played tomorrow, for the English seasons runs from late August until April.

WAA Cusses Hitler, Hirohito, Benito And Axis Pals

Declaring that the present tire emergency has made it virtually impossible to obtain transportation, Adviser Zena Leck today announced that all WAA playdays scheduled with other colleges have been cancelled.

First Round

Having successfully hurdled their first league game of the season, Santa Ana, Fullerton, and Pomona jaysee are today in a three-way tie for first place in Eastern conference baseball competition.

In a contest featured by the three hit pitching performance of Jack Klein, the Dons heavy artillery blasted Riverside 9-0 last Friday. Keeping in step with the hardhitting Koralmen, the Fullerton Hornets mauled Citrus 20-4 while Pomona edged out San Bernardino 8-7 in an 11 inning tussle.

Following are the complete standings:

Two of the league leaders, Fullerton and Pomona, collide on the Raider diamond tomorrow. This game is the "natural" this week.

Launch Naval "V" Plan To Aid Undergraduates Details Of Navy Recruiting Related

Today the U.S. Navy needs skilled man power. Thousands of college men who are qualified for ratings and commissions will be selected and trained by the Navy. All men enlisting in the Naval Reserve are draft-exempt; all agree to serve for the duration, except the aviation cadets who agree to serve four years. The "V" program has been instituted to aid both the Navy and the undergraduate in volunteer naval service.

V-1 is the plan by which college freshmen and sophomores between 17 and 19 inclusive, may enlist as apprentice seamen. During the next three semesters they will be taught related Navy subjects by the regular faculty, and then those ranking sufficiently high in a general examination may transfer to class V-5 or V-7 and continue their inactive status until completion of the academic requirements for those classes. The others may complete the four-semester indoctrination course and will then be called to active duty as apprentice seamen.

V-2 concerns men between 17 and 28 with limited experience or interest in internal combustion engines or metal work. They will receive 26 weeks training qualifying them for petty officers' ratings as aviation machinists and naval smiths.

NAVAL COMMUNICATIONS

Under the V-3 plan men interested in wireless and visual signals must enlist as apprentice seamen; after recruit training they will be sent to a communications service school if they show a preference and aptitude for this classification.

Men with legal training or stenographic ability come under V-4. They were formerly enlisted as yeomen ("seagoing secretaries"); quotas for this branch, which was filled shortly after Pearl Harbor, may be reopened.

V-5 enables men between the ages of 19 and 26, unmarried, and in good shape physically, to enlist now and finish the required two years of college. Then, after 90 days training at one of the 18 reserve aviation bases, there is advanced training at Pensacola, Jacksonville, or Corpus Christi. Men who received Navy "wings" and commission, will receive \$245 a month.

VOLUNTEER SPECIALISTS

The V-6 classification covers nearly all of the Navy's 55 petty officer specialist ratings. Men with a knowledge of typing and/or shorthand may enlist as yeomen; bookkeepers may enlist as storekeepers; and licensed "ham" radio operators may enlist as second class petty officers and be trained to operate the Navy's secret aircraft-detecting device. This class is open to all healthy men between 17 and 50.

Juniors, seniors, or graduate students between 20 and 27 may enlist now under the V-7 plan and be deferred from active duty until receipt of their degree. Completion of two semesters of math, including one course in plane trigonometry, is required. After 30 days' indoctrination at Notre Dame University they will be sent to a midshipman school for a course in seamanship, navigation, ordnance and gunnery, after which they will be commissioned an ensigns in the Naval Reserve, with salary and allowance totaling \$183 per month.

Women Mech Class To Begin In May

Announcement was made today that the final six-week aviation training course for women for the year will start near May 1 following the completion of the first course April 10.

Four women students in the aviation mechanics class have so far been placed through the junior college in southland aircraft plants.

Mechanical aptitude tests determine which women are most likely to succeed in mechanical courses before actual construction is begun. Only the 20 with the highest rating are selected to take the course.

College Loan Fund Offered Students

Applications are being accepted today by the college administrative office from jaysee students desiring aid from the Student Loan fund for next semester.

Offered bi-annually, the fund is awarded by the trustees to worthy students who want financial help in finishing their college education.

Since its inception in 1922, 253 students have made use of the fund and almost \$40,000 has been loaned. At the present \$17,000 is in use by university students.

During 1941 11 students received loans from the college and two 1942 February graduates were accepted by the trustees for membership in the fund.

Faculty chairman of the trustees is J. Russell Bruff. Remaining members include Director D. K. Hammond, secretary, Mrs. Jennie L. Tessmann, and Dean of Women Agness Todd Miller.

Informal Initiation Ended By Clubs

President Chuck Page announced today that eight pledges had successfully passed initiation requirements and will be formally received into the club soon. The eight new Bachelors are Field Berry, Dale Van Booven, Jack Kaiser, Doug Odney, Joel Hayes, Hugo Bracci, Ted Nicholson, and Jack Slosson.

Page also stated that plans had been made for a dinner-dance party at Osterman's ranch Monday night, and that the Bachelors will visit the Palladium the following week.

Formal initiation rites will be read Monday evening by Buccaneer President Scott Hoeptner for six pledges. Following dinner and initiation ceremonies the club will meet at a local theater for the evening's final entertainment event.

Incoming members are Jack Eller, Floyd Tate, Jim Russell, Bob Heil, Fred Rosenbaum and Chuck Christian.

Bob Grable is in charge of the dinner and Hoeptner is making theater arrangements.

Choir To Participate In Sunday Festival

Santa Ana Junior college's a capella choir will journey to Pasadena Sunday to participate in an annual program of mass choral singing, sponsored each year by the Southern California Junior colleges.

Music Instructor Marjorie Rohfleisch announced the music festival will feature more than 300 collegiate vocalists from the Southlands seven junior colleges.

Two Students Win Contest Honors

Results of the public speaking contest held by the eastern division of junior colleges with the local jaysee as host in the high school auditorium last week were announced today by Instructor Ernest Crozier Phillips.

Representing jaysee, Herb Heinze placed second in the men's division, and Irene Halpin placed third in the women's group. Ex-temporaneous subject upon which the contestants spoke was the Roosevelt-Churchill charter drawn up in the mid-Atlantic last year. Pomona and San Bernardino won top honors.

Next forensic meet is scheduled for May 7 at Pomona jaysee. Jun-

Newman Club Plans To Attend Conclave

Newman club members are today planning to attend the annual Southern California Newman club convention to be held this year at the Los Angeles Elks club May 8, 9, and 10. Officers representing all the district organizations met Sunday to discuss convention arrangements.

Regular meeting of the local club Tuesday evening in the Women's lounge featured dancing following the business portion of the meeting. Jo Denni was program chairman.

Lela Slaback, Ruth Compton, Jean Conliffe, Claire and Betty McMillen attended the annual University Day held at the University of Redlands, Saturday.

New Fire Course Begins Tuesday

Claiming the distinction as probably the first junior college to include a course in fire fighting in the curriculum, jaysee is drawing up plans today to offer a six week compulsory course to all Don students beginning next Tuesday.

Under the direction of Coaches Bill Cook and John Ward, who have completed a class in fire fighting under the county fire warden, the class for men and women will be held at 11 a.m. in the First Congregational church auditorium.

Class periods are to be omitted in rotation for the weekly class, the second period being skipped for the first meeting.

NAVY ANNOUNCEMENT TO COLLEGE FRESHMEN AND SOPHOMORES 17^{THRU} 19

**You want to serve your country!
Why not serve where your college
training will do the most good?**

Under the Navy's newest plan, you can enlist right now. You don't have to quit college. You can stay in college, continue your studies and qualify to become a Naval Officer—in the sea or in the air.

Who may qualify

If you are between the ages of 17 and 19 inclusive and can meet Navy physical standards, you can enlist now as an Apprentice Seaman in the Naval Reserve. You will be in the Navy. But you may remain in college, taking regular college courses under your own professors. Your studies will emphasize mathematics, physics and physical training.

After you have successfully completed 1½ calendar years of work, you will be given a classification test. This examination is competitive. It is designed to select the best men for training as Naval Officers.

How to become an Officer

If you qualify by this test and can meet the necessary physical standards, you will have your choice of two courses—each leading to an officer's commission:

1. You may volunteer for training as an Aviation Officer. In this case you will be permitted to finish at least the second calendar year of college work, before you are ordered to active duty for training to become an officer-pilot.

However, at any time during this two-year period, you may have the option to take immediately the prescribed examination for Aviation Officer... and, if successful, be assigned for Aviation training. Students who fail in their college courses or who withdraw from college will also have the privilege of taking the Aviation examination. Applicants who fail to qualify in this test will be ordered to active duty as Apprentice Seamen.

2. Those who qualify in the classification test and do not volunteer for Aviation will be

selected for training to be Deck or Engineering Officers. In that case, you will continue your college program until you receive your bachelor's degree, provided you maintain the established university standards.

Those whose grades are not high enough to qualify them for Deck or Engineering Officer training will be permitted to finish their second calendar year of college. After this, they will be ordered to duty as Apprentice Seamen, but because of their college training they will have a better chance for rapid advancement. At any time, if a student should fail in his college courses, he may be ordered to active duty as an Apprentice Seaman.

Your pay starts with active duty. It's a real challenge! It's a real opportunity! Make every minute count by doing something about this new Navy plan today.

DON'T WAIT... ACT TODAY

1. Take this announcement to the Dean of your college.
2. Or go to the nearest Navy Recruiting Station.
3. Or mail coupon below for FREE BOOK giving full details.
